## Setting of Port Condition ZULU

In preparation for the approaching Tropical Storm SALLY, the Captain of the Port (COTP) Sector New Orleans will set Port Condition ZULU in accordance with the Maritime Hurricane Contingency Port Plan (MHCPP) found at <https://homeport.uscg.mil/port-directory/new-orleans> as follows:

### **Port Status:**

**Effective at 1200 local time on September 14, 2020**, no southbound vessel movement is authorized within the COTP New Orleans Zone, as described in Title 33 Code of Federal Regulations (CFR) Part 3.40-15, from Mile Marker (MM) 20 Below Head of Passes to MM 167.5 Above Head of Passes (Sunshine Bridge) and no vessel movement is authorized on the Gulf Intracoastal Waterway (GIWW) from MM 44.2 East of Harvey Locks (EHL) to MM 20 West of Harvey Locks (WHL). Northbound vessels transiting in the river system when ZULU is set may continue northbound to a safe refuge, but should contact the Vessel Traffic Center at (504) 365-2514 or VHF-FM channels 5A, 12, or 67 with their intentions.

**Effective at 1800 local time on September 14, 2020**, no vessel movement is authorized within the entire COTP New Orleans Zone, as described in Title 33 Code of Federal Regulations (CFR) Part 3.40-15, from Mile Marker (MM) 20 Below Head of Passes to MM 303 Above Head of Passes, the Gulf Intracoastal Waterway (GIWW) from MM 44.2 East of Harvey Locks (EHL) to MM 20 West of Harvey Locks (WHL), the GIWW Port Allen – Morgan City Alternate Route from MM 30 to MM 65, and the Atchafalaya River from MM 0 to MM 45. Northbound vessels transiting in the river system when ZULU is set may continue northbound to a safe refuge, but should contact the Vessel Traffic Center at (504) 365-2514 or VHF-FM channels 5A, 12, or 67 with their intentions.

Fleet boats may transit light boat in the vicinity of their fleets to conduct necessary safety checks on fleets and/or respond to emergencies without contacting the Vessel Traffic Center prior to movement.

For any request aside from the aforementioned permitted vessel movements, requests for deviation from requirements for Port Condition ZULU should be directed to the Vessel Traffic Center for consideration using Attachment (2) of this MSIB. Except in an emergency or to prevent/mitigate a potentially hazardous condition, all vessels shall contact the Vessel Traffic Center prior to movement. If vessels move in the event of an emergency, notify the Vessel Traffic Center as soon as practicable.

**RNA Status:** Both Hurricane Regulated Navigation Areas (RNAs) are in effect as per 33 CFR 165.838 (refer to MSIB Volume XX Issues 099 and 101). The RNA canals shall not be used for safe haven. Vessel owners must use good judgment in determining a floating vessel's mooring location during a storm. All facilities with an Annual Hurricane Operations Plan (AHOP) shall moor their vessels in accordance with those plans.

Under the Ports and Waterways Safety Act, the COTP may close portions of the port in response to forecasted weather and actual damage, impact, or threat in different geographic areas within the port. The COTP may establish a Safety Zone controlling vessel movements and activities as appropriate, including all
