RE: USACE 2020 REVETMENT SCHEDULE AND TRANSIT RESTRICTIONS 12321

Members,

The U.S. Army Corps of Engineers (USACE) 2020 Mississippi River bank stabilization operations for the 2020/2021 season have been completed. The USACE has completed work on the four priority locations and the three secondary locations below Baton Rouge. **The USACE have now completed the revetment operations at Plaquemine Bend location which was the last site for revetment operations below Baton Rouge. The Lower Mississippi River Vessel Traffic Service has just reopened the channel in this area without transit restrictions – normal operations.**
