VT S Safety Measure – Pipeline Removal Operations MM 11 AHP LMR

The Captain of the Port New Orleans is issuing a Vessel Traffic Service (VTS) Safety Measure for the waters of the Lower Mississippi River (LMR) at Mile Marker (MM) 11 Above Head of Passes (AHP) to protect persons and vessels from the potential safety hazards associated with the Gulf South pipeline removal operations. In-river operations to include multiple vessels – including anchored barges – will be working 24 hours per day and at times will impact the navigation channel. The following channel restrictions will be in effect:

Vessels shall check in with the Contact Pilot onboard the BB-80 on VHF-FM Channel 67 at the following locations for the latest navigation information and direction:

- Transiting Southbound: MM 28 AHP (Empire Locks)
- Transiting Northbound: MM 2 AHP (Pilottown)

Date	Restrictions
August 21 – Sep 7 Working Hours: 24/7 No draft/transit restrictions	Operations taking place outside the navigation channel. Vessels shall check in with the Contact Pilot on channel 67 for information and transit at their slowest safe speed.
September 8 - 16 In-channel Working Hours: 1700 – 0700 Vessels drafting over 35' prohibited from transiting during working hours.	Operations taking place in the navigation channel. Vessels are limited to one way traffic transiting the bypass channel along the LDB. Vessels shall check in with the Contact Pilot on channel 67 and proceed as directed. <u>During working hours, vessels drafting greater than 35 feet are prohibited from transiting.</u>
September 17 – 24 Working Hours: 24/7 No draft/transit restrictions	Operations taking place outside the navigation channel. Vessels shall check in with the Contact Pilot on channel 67 for information and transit at their slowest safe speed.
September 25 – October 3 In-channel Working Hours: 1700 – 0700 Vessels drafting over 35' prohibited from transiting during working hours	Operations taking place in the navigation channel. Vessels are limited to one way traffic transiting the bypass channel along the LDB. Vessels shall check in with the Contact Pilot on channel 67 and proceed as directed. <u>During working hours, vessels drafting greater than 35 feet are prohibited from transiting.</u>
Boothville Anchorage	Boothville Anchorage South of MM 14 is <u>closed</u> to all vessels.
Back-up Date	If additional closure dates are required for operations, back-up dates will be identified after consultation with stakeholders and disseminated via email.
