To Whom It May Concern:

The NOBRA Pilots are taking orders for ships transiting between Mile 180 AHP and Mile 234 AHP during nighttime hours. This effort is during the Mile 107 closure and will expire upon completion of the Entergy Project at Mile 107. These transits will require two pilots onboard. A second pilot will board at Burnside on all northbound changes and will disembark at Burnside on any southbound change.

Very truly yours,

Captain Louis M. Wattigney Jr.  
President
